

DON'T TAKE OUR WORD FOR IT...

WEDDING TESTIMONIAL

Jackie:

Everything was perfect!

You and the Rio Mar exceeded my expectations in every way I can think of. I went into this defensively; expecting that we would be overcharged, or there would be hidden charges, or that would not get what we were promised, and none of those things happened. On the contrary, we were treated extremely well, and encountered many pleasant surprises while we were there (the wine and cheese plates, the fine tasting dinner, the complimentary upgrade to a full suite.) I would not hesitate to recommend you for a banquet or just a vacation.

In addition to your fine work I would also like to point out two other people specifically who helped make the event a success. Carol Davila was a pleasure to deal with in the organizing of the rooms contract and the booking of the rooms. She was always available and was someone I could rely on to get things done. Where Carol was that person before the event, Rubin, our captain was that person while we were there. He captained both the rehearsal dinner and the wedding reception. He was available to me at all times and did his best to accommodate all of our requests. He kept things running smoothly which kept me at ease and allowed me to enjoy myself. Beyond his overall competency, his warm personality and the care and dedication he had for his work really shone through. You have fine employee there. Thanks to all of the other Rio Mar staff that have not named as well who helped put together the most important trip of our lives.

Kind regards,
Charlie and Katie Tompkins
